

HughesNet Internet Continuity

HughesNet Internet Continuity is an affordable connectivity backup service that seamlessly delivers broadband Internet when your primary service fails, making costly outages a thing of the past.

90% of businesses have experienced unexpected Internet downtime.†

Backup Service

HughesNet Internet Continuity enables businesses to stay connected when primary Internet service is down.

For Your Business

HughesNet Internet Continuity is ideal for small businesses like yours, that need to stay connected when DSL or cable services go down.

Satellite Internet

HughesNet Internet Continuity is satellite Internet, so it's above the risks faced by terrestrial options, ensuring your Internet stays up, no matter what goes down. Get the business continuity service that's above the rest.

Why HughesNet Internet Continuity?

Diverse Connection

Diversifying with a satellite Internet backup will make your business Internet connection less vulnerable to terrestrial dangers.

Works Seamlessly

The transition from your primary service to your HughesNet Internet Continuity backup service is automatic and eliminates downtime in the event that your primary service fails.

Affordable

Provides protection against costly Internet outages and loss of business at a price that is more affordable than terrestrial backup solutions.

Need More Data?

Your HughesNet Internet Continuity plan includes 2 GB of data for use each month. If your business needs more or if you would like to plan ahead for a longer outage, you may purchase and reserve additional data at any time. Additional data can be purchased in the form of Data Tokens and does not expire. Each token is \$3/GB and will be used automatically after your monthly allowance is used in full.
